Meevo 2 Wins Beauty Launchpad's Reader's Choice Award

The Powerful, Cloud-Based Solution Named Best Salon Management Program in the New Launch Category

PARSIPPANY, NJ (December 11, 2018) – Millennium Systems International, the innovator of cloud-based business solutions and vital growth tools for the beauty and wellness industries, is pleased to announce Meevo 2 has won *Beauty Launchpad Magazine*'s 2018 Reader's Choice Award in the New Launch category for Best Salon Management Program.

Launched in the first quarter of 2018, Meevo 2 is the unified cloud-based software solution which caters to salons and spas of *all sizes* – from a single location to enterprise, multilocation businesses. With hundreds of new features added in 2018, Meevo 2 was built specifically for the beauty industry and includes numerous business management features including: intelligent appointment booking, Walk-in Manager for self-check in, Smart Center dashboards and reports, advanced membership tools, the Convobar ® (a revolutionary natural language processor that decreases booking time at the front desk from minutes to seconds), and much more. Compatible with PC and Mac computers and all iOS and Android devices, Meevo 2 leads the way in engineering.

Tens of thousands of readers cast votes for the 15th annual Reader's Choice Awards in nine parent categories. The award was announced online at the beginning of this month and will be featured in *Beauty Launchpad*'s December 2018 issue.
